

FACT SHEET

Set in the quiet Omesberg area, around five minutes' walk from the centre of Lech, ULA SIGNATURE is a newly built apartment house that places privacy, craftsmanship and personal service first. Its elevated, south-west-facing position opens the view across open landscape to the Omeshorn.

Six individually designed suites and apartments can be booked separately or combined. Each offers a spacious living and dining area, a fully equipped kitchen and a private terrace or balcony, several with their own hot tub. The house sleeps up to 24 guests in 12 bedrooms and can also be booked as a whole.

The spa includes an indoor pool, sauna, steam bath, relaxation room and tea bar. The restaurant seats up to 30 and is complemented by a bar, lounges and a generous terrace. Breakfast is served in the restaurant, and selected themed evenings such as an Austrian evening or a fondue evening round off the stay. A private chef or individual catering can be arranged on request.

In winter, ULA SIGNATURE is an ideal base for Ski Arlberg, with more than 300 kilometres of pistes, as well as freeride, winter hiking, snowshoeing, cross-country skiing and tobogganing. The house lies directly on the walking path and the cross-country trail. A heated ski room with personal ski lockers is free of charge.

With its exceptional location, generous spaces, private hot tubs, in-house spa and discreet personal service by pepper-collection, ULA SIGNATURE offers a refined and private alpine experience in one of Austria's most prestigious mountain destinations.
